President's Message

This week is Mental Health Week so we have dedicated the Club's Dinner Meeting on Thursday as a Partners Night "Hat Party" to show our support for people affected by mental illness conditions.

Everyone is expected to wear a hat as "creative or as simplistic as you like." You may even win a prize for the best hat! And if you need ideas please see attachment...but please note our "Hat Party" is on Thursday NOT Friday. Patrick O'Shea took a list of attendees at last week's meeting but we expect many more Members and Partners will attend so please book with the Chalet.

We also aim to Induct some new Members into the Club this week so that will be an important occasion for them and for our Club.

At last week's meeting Graham Cocks, Youth Service Chairperson, and Minori made presentations on Youth Service and Minori's experiences from her Exchange, Patrick

updated us on the Timor Project, and Geoff Tually presented Rotary Information. Thank you to each of you.

And we were pleased to welcome Visiting Rotarian Owen Phelan from Mt Barker...

Unfortunately, Michael O'Sullivan was still in hospital, and I was advised on Friday that Ken Hart is now recuperating from peritonitis at home. Best Wishes to both of you.

Thanks to Patrick and Elaine O'Shea, and Minori and Stuart for their work on the sausage sizzle.

November begins a busy time for the Club with Spring Festival, Bright's Iconic Rod Run, Remembrance Day, and preparation for operation of the Waterslide. Dee Hedley will be contacting all Members to ascertain where you can give some time to these activities.

## And Finally

My neighbour was in KMart buying a large bag of Purina for his Labrador Retriever and was in line at the check out.

A woman behind him asked if he had a dog. On impulse, he told her that no, he was starting The Purina Diet again, although he probably shouldn't because he had ended up in the hospital last time, but that he had lost 20 kgs before he woke up in an intensive care ward with tubes coming out of most of his orifices and IVs in both arms. He told her that it was essentially a perfect diet and that the way that it works is to load your pants pockets with Purina nuggets and simply eat one or two every time you feel hungry & that the food is nutritionally complete so he was going to try it again. I have to mention here that practically everyone in the line was by now enthralled with his story, particularly a tall guy behind her. Horrified, she asked if he had been poisoned and was that why he was in the hospital.

He said no.....He had been sitting in the street licking himself when a car hit him.
